

# Anti-Flocking Insurance

In honor of National Mentoring Month, Partners is offering community members the opportunity to flock their friends. For \$20 Partners will place 20 flamingos in locations requested by the flocker. It is meant to be a fun way to bring awareness to Partners and our mission to provide mentors to youth in our community.

The purchase of this certificate insures no flamingos will roost in my yard as they migrate throughout Routt County during Partners' National Mentoring Month fundraising activities.

Cost: \$20
